*“A more robust farmers market with food stalls would bring people to the neighborhood. More interesting, affordable take out restaurants - middle eastern, deli, etc. More outdoor seating and music options.”*

*- A resident living near the Roscoe Corridor*

*“Fill empty storefronts on Belmont Ave.”*

*- An owner/manager of a business near Belmont Ave.*

*“Would love to be more involved with the Chamber since it is going through a Fresh Start.*

*- A resident living near the Southport Corridor*

*Proximity to the Chicago River and its developing river trail system will be a huge advantage as more and more people realize the old, "dirty" river has been substantially cleaned up, and will only continue to see improvement.*

*- An owner/manager of a property near Belmont Ave.*

*“The streetscape of Armitage has always been really welcoming; maybe incorporating planters etc that are natural elements & can unify the areas. Both areas are very walkable and the underpasses on Roscoe/Addison/Belmont could be street-scaped to make the walk more inviting.”*

*- A resident living near the Southport Corridor*

*“Focus on more programs that help our stores and restaurants while at the same time help local charities (specifically people must shop or eat or work out to support the charity). Spend at businesses that then give back. Helps 2 things at once while also creating community involvement and activity.”*
